

# Lily Dubuc

February 26, 1997  
From Tahoma, California.

Lily began her soccer career with Summit 7000 in Truckee, CA under coaching director Dennis Belisle. After four years there, and a short stint at BOCA in Sacramento, Lily found herself at home with soccer club Placer United, based in Rocklin, CA.

Playing for Placer meant a two hour commute down from Tahoe, several days a week as well as tournaments all over the country. In addition to training with her own team, Lily would often train with older teams and the boy's half of the club in order to develop her touch and skill on the ball. The commitment of driving and extra training paid off as her

team was ranked 4th in the nation her senior year.

In between her first and second season with Placer, Lily joined NSA on their Euro Tour. Playing in Denmark and Sweden, Lily developed her love of soccer and travel. A love that would continue in high school and college. (Lily with fellow Placer Alumni at the Annual Alumni game)

After graduation high school with a 4.5 GPA, Lily was recruited to play NCAA Division II soccer for Dominican University of California in the PacWest Conference. After her freshman season, Lily was named to the PacWest All-team, and the West Region Second team. In addition she received freshman of the week in October and was named Newcomer of the year. She was also tied for most goals and assists on the team with fellow striking partner.

Lily begins her Sophomore season as a penguin this year and has been named to the All-conference preseason team. Since traveling with NSA she has been to thirteen different countries. Last summer she spent ten days traveling Costa Rica playing local teams and coaching youth clinics.

After her sophomore season Lily will be traveling to Italy to play in a selection of games against local clubs as well as joining the NSA coaching staff in Sweden and Denmark.
