Fred Hsu USSF A Licensed, Brazilian Coaching License, USSF National Youth License nsaguru@gmail.com 530-400-1903

Carlos Menjivar USSF A Licensed Former Professional Player

cmenjivar327@gmail.com

Cost per Training/tryout session: \$40.00

The session will be intense but fun and consist of exercises conducive to players showing their abilities. Players must come to the session DRESSED & READY TO PLAY. Bring a soccer ball and water.

The 23rd Annual NSA EUROTOUR was another very successful tour both on the field and off the field. Players from 7 nations played on NSA teams – USA, Sweden, Denmark, Germany, Australia, Belgium, Malta. The G13 composed of USA, Germany and Denmark players won the Dana Cup. It was a great cultural exchange experience through soccer for the participants.

NSA's focus is on Youth Development

Since 1992, NSA has selected, trained and led over 2000 players and supporters on tour to compete in major International tournaments in Scandinavia, South America and the United States. To the credit of NSA players and coaches, after learning the NSA STYLE and the philosophy, players have consistently stepped up to the competition, as evidence by the **many championships** they have won.
