

Fred –

Thank you again for the opportunity to travel to Denmark and Sweden and spend wonderful time with family and new and old friends.

Your philosophy of using soccer and travel to gather various players from different countries, while providing unforgettable and priceless experiences on and off the field, is something extraordinary. I have truly enjoyed watching my daughter grow up over the last few years from middle school to high school to a committed D1 soccer player, but the experience of traveling and playing this wonderful game abroad has provided her with a unique opportunity to grow in the game and with personal relationships with players from around the world. This opportunity is very special and more importantly it creates memories and friendships that will last a lifetime.

As a parent, traveling with this group has been a great pleasure. The coaches for NSA have proven to be able to mix a healthy amount of soccer with sightseeing and excursions that are enjoyable for young and old. Also... The coaches for NSA have proven again to be great individuals that really have the best interest of all the participants and players in mind. They go out of their way to be a part of the entire group and really help facilitate an enjoyable experience.

Travel to other countries is always exciting and in many cases stressful. NSA has proven to continue to refine and improve their approach to travel, while always focusing on providing a comfortable, educational and most importantly a safe environment for players and parents.

As for my experience this year, it was great to meet the players and the parents. I had a wonderful time enjoying the matches, the beaches, the amusement parks, sightseeing, dinners, parties and much more! The coaches and kids made the soccer matches exciting to watch while the entire group made all of the excursions a blast!
