

NSA TOURNAMENT TEAM RESULTS since 1992

NSA select, train and help develop soccer players.

The NSA Eurotour mission is *“to use soccer as a catalyst to bring people together and enjoy cultural exchange experiences”*. Through this process, we aim to help foster new friendships and create lifelong memories.

Annually, we participate in selected major national and international tournaments to expose players to higher level competition. NSA players have consistently stepped up to the challenge. To our knowledge, no other organizations from the United States have achieved such consistent results. **(highlighted teams appeared in tournament finals)**
